

CROSBY ROAMANN

2021

CROSBY'S RESERVE CABERNET SAUVIGNON NAPA VALLEY

Crosby Roamann vineyard is located near San Pablo Bay, the coolest region of Napa Valley, which allows our wines to retain their freshness and acidity. Situated on a bed of sandy loam soil, which combined with extremely low yields, produces wines with complexity, longevity, and concentration.

“Deep garnet-purple in color ... expressive scents of blackcurrant jelly, plum preserves, and blueberry pie leading to wafts of rose oil, raspberry coulis, and cinnamon stick with a hint of cardamom. The medium to full-bodied palate shimmers with energetic black and red berry layers, supported by fine-grained tannins and a refreshing backbone, finishing long and perfumed.”
