SYRAH

PETALUMA GAP

Meaty and musky with mellow notes of vanilla and beef's blood, this deep and dark 100% varietal Syrah has layers of fine soft tannins with an acidic backbone. Our vineyard occupies a hillside on the north edge of the Petaluma Gap, on a steep, south-facing, rolling hillside with the steepest slopes facing south and southwest on gravelly silt loam soil. A significant percentage of limestone in the soil provides for the wine's acid backbone and longevity. Petalum's cool climate is influenced by a gap in the mountains west of town that gives the AVA its name. Farming is conventional. Best from 2026-2032.
